

This comment is in regards to K-Love radio. I've recieved from them a letter about the the LPFM stations that could effect K-love broadcasting. I would like to say I believe their work should be left on the air without these interruptions. They bring a CLEAN message to the public and frankly there should be more like it. So I thank you to reconsider the possibilities and not allow this LPFM to hinder this station.

In His Service,

Jason Herritz
